

10/524389

2/6

Switching sequence 1

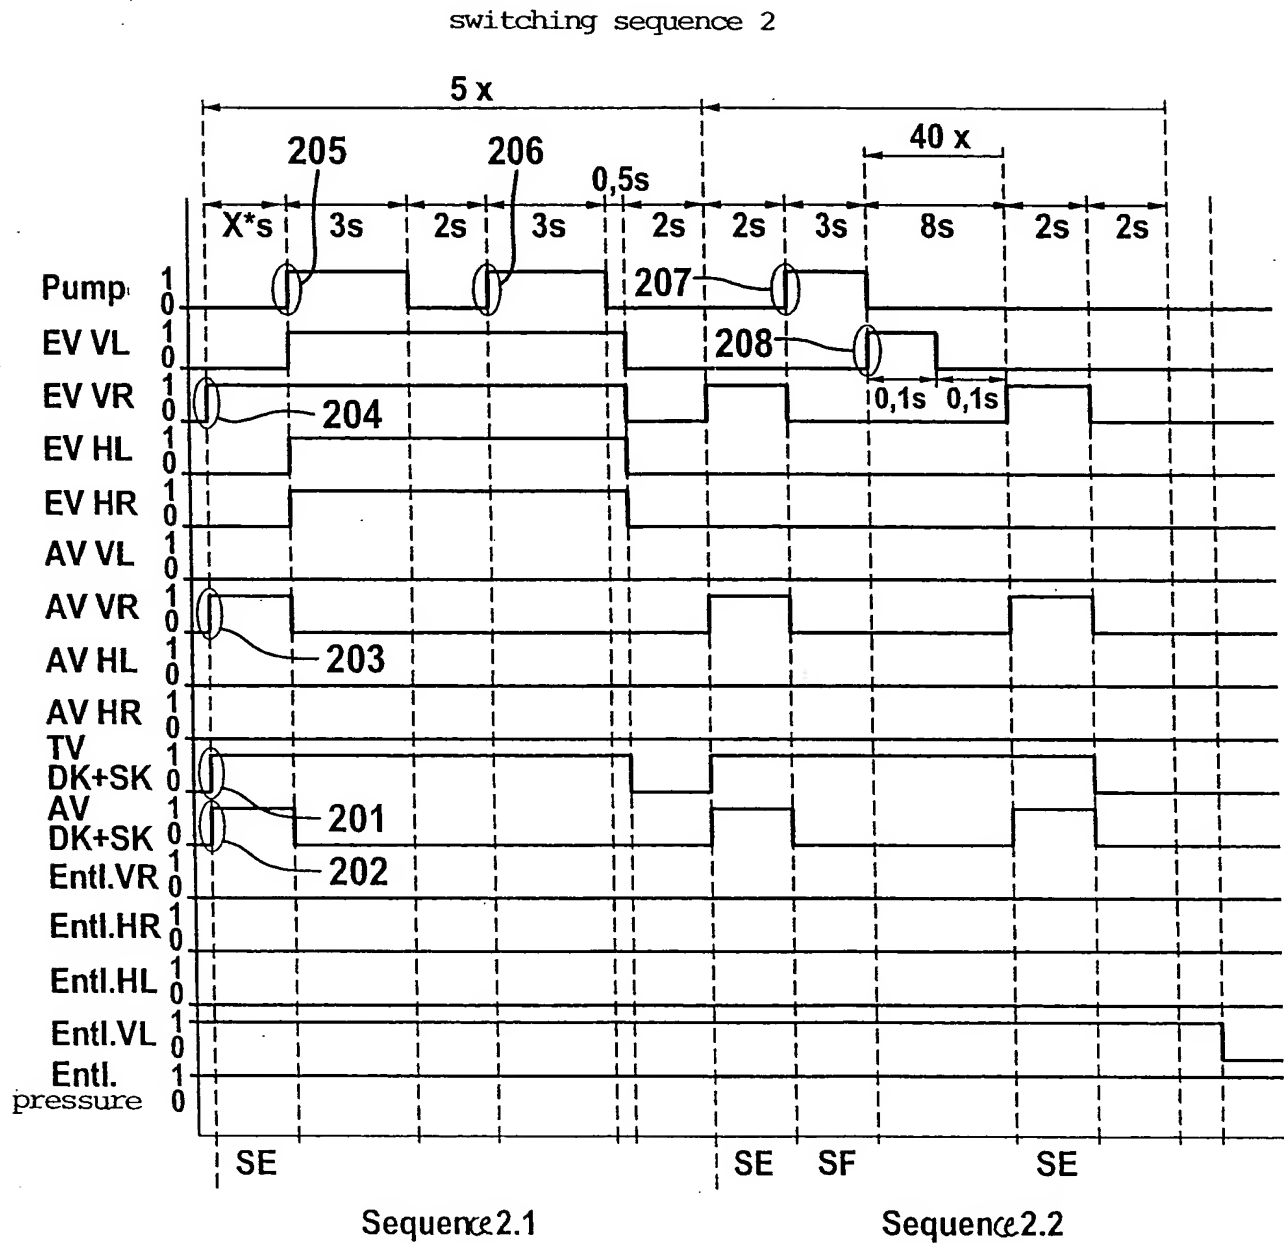

Entl. = bleeder connection
 EV inlet valve
 AV outlet valve
 TV cut-off valve
 DK push rod piston
 SK floating piston
 VL front left, VR front right
 HL rear left, HR rear right

Fig. 2

3/6

Entl. = bleeder connection

EV inlet valve

AV outlet valve

TV cut-off valve

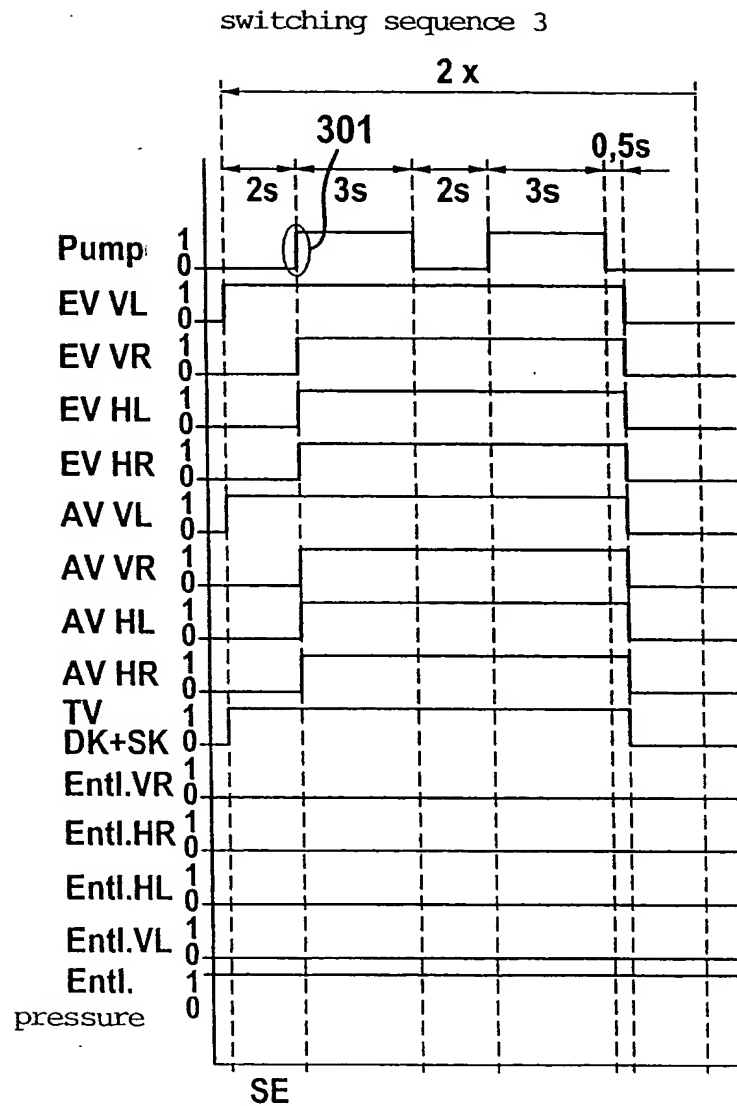

DK push rod piston

SK floating piston

VL front left, VR front right

HL rear left, HR rear right

Fig. 3

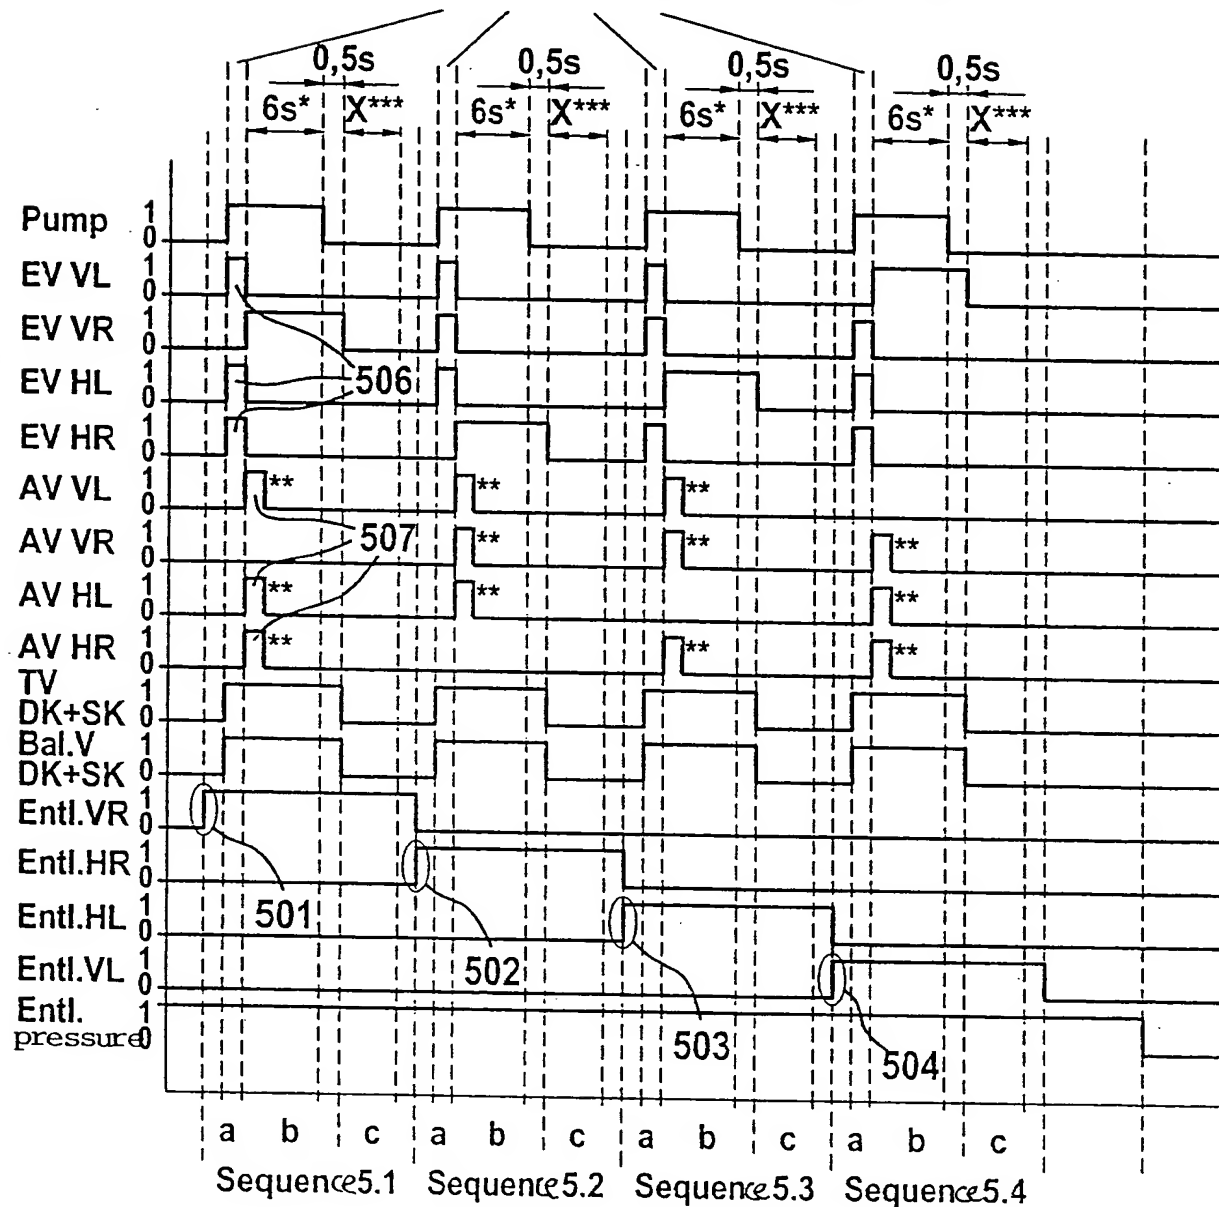

Entl. = bleeder connection
 EV inlet valve
 AV outlet valve
 TV cut-off valve
 DK push rod piston
 SK floating piston
 VL front left, VR front right
 HL rear left, HR rear right

Fig. 4

[illegible]

switching sequence 5

up to 20 bar wheel pressure in each case

EV inlet valve
 AV outlet valve
 TV cut-off valve

Fig. 6

Entl.
 wheelbleeder connection
 DK push rod piston
 SK floating piston
 VL front left, VR front right
 HL rear left, HR rear right
